Your trains must stop at all these stations. If you use a train that goes through any of them without stopping or you don’t go through all of them, your tickets won’t be valid and you will have to pay again. You don’t have to get off the train at these stations unless you need to change trains.

You can only use your advance tickets on the trains you are booked on. If you choose to travel on different trains, your tickets won’t be valid and you will need to pay for new ones. This doesn’t apply if your trains are delayed and you miss a connection – in this case it’s best to get permission to travel on a later train from the booking office where you have missed your connection.

You can use your other tickets on any train provided that you observe any restrictions listed below.
